DEPARTMENT OF PROSTHODONTICS

The DEPARTMENT OF PROSTHODONTICS celebrated “**WORLD PROSTHODONTIST DAY**” on 22nd JANUARY 2024 to appreciate the expertise of prosthodontists in restoring smiles and oral health.

FACULTY AND POST GRADUATE STUDENTS

“TRANSFORMING YOUNG MINDS” - The post graduate students educated the undergraduate students about the scope and future prospects of Prosthodontics. They explained about the comprehensive training and replacement of teeth which involves extensive study in theory, practical and clinical research in prosthodontics.

The educational sessions were followed by interactive sessions between faculty and post graduate students along with cultural activities within the department.
